A surprise invitation to judge this event which was held at Weobley Castle Farm, Llanrhidian, Gower. Such a special venue in one of the most attractive parts of Wales with the ruins of the castle in the background and being able to look out over the estuary. This setting was most idyllic, a lot of effort had gone into putting on this event with a large grassed ring which was surrounded by exhibitors with their gazebo's which truly gave off a friend relaxed atmosphere. Many specials were to be won and everybody seemed to take something home. A most enjoyable experienced indeed.
